FREDERICK BELL, Manager.

THURSDAY, MAY 3, 1894.

OCEAN FREIGHT ON CATTLE

This seems to be the question

which is just now affecting the

mind of the Dominion Live Stock

Association, and no doubt it is a

serious question for all stock raisers

throughout Canada, and the ranching

community in the North-West in

particular. When it is remembered

that since the establishment of this

trade about the year 1875, it has

brought back to Canada in cash over

\$75,000,000, the price of Canadian

cattle sold in Great Britain, it be-
comes at once apparent how

deeply this industry affects the

interests of the whole country. In

1890 the exports of cattle were

104,133, value, \$8,114,145, and in

1893 it was 89,582, value, \$8,792,-
638, a decrease of \$1,314,507 in

value for the four years. What is

this to be attributed to? Evidently

the scheduling of Canadian cattle

and excessive freight rates. The

steamship owners have it all their

own way, as all Canadian cattle for

shipment to Great Britain have to be

shipped at one port, the quarantine

regulations not permitting Canadian

cattle to be shipped via a United

States port. Immediately there is

a rise in the market and shippers

wish to take advantage of that rise,

up go the rates. This might be all

right enough were there a corre-

sponding reduction on a decline in

the market, but is it so? Owing

to this uncertainty as to rates,

DOMINION PARLIAMENT.

A bill to fix the Governor-

General's salary was introduced in

the House of Commons on Tuesday,

the 24th ult., by Mr. Mulock, who

stated that \$285,197 had been

expended in connection with Rideau

Hall since confederation, or \$114,-
076 per year.

Another long discussion occurred

on the matter of taking evidence

under oath by committee. The

Premier promised to bring in a bill

giving the power to examine wit-

nesses under oath, which was re-

garded as satisfactory.

On Wednesday, the Premier de-

nounced an attack on the Speaker

by the Ottawa Free Press, and sub-

mitted a resolution asking the

House to protect the Speaker, which

caused a division. Mr. Martin

moved for papers respecting the

improvement of Red River naviga-

tion, and in doing so mentioned the

promises that had been made and

delays that had occurred in con-

nection with the matter. Mr. Oumet

replied that the Government was

not prepared to undertake the work.

Mr. Tupper moved for power

to examine witnesses under oath

before the Public Accounts Com-

mittee. Mr. Davin presented a

petition of Regina Patrons of In-

dustry, asking for reduction in

duties.

At the evening session a discus-

sion took place on the North-West

school question, during which Mr.

Macdowell said that Catholics in

the North-West would always re-

ceive the utmost consideration from

the Protestant majority.

Sir John Thompson continued the

debate on the North-West school

question on Thursday. He defend-

ed the course of the Government

in dealing with the matter both

with respect to Manitoba and the

Territories. He denied that he had

ever made promises of remedial

legislation, and also intimated that

the Government had gone as far in

the matter as they were able to

under the constitution. He also

disagreed with those who contended

that the Government would still

be responsible even if the decision

of the final court was adverse to

the Catholics. He denied that

separate schools had ceased to exist

in the North-West or that any

grievances existed in connection with

the school system. The Govern-

ment could not interfere with the

enactments of the North-West As-

sembly any more than they could

with the legislation of provincial

legislatures.

Friday's session of the House

was almost wholly devoted to dis-

cussions on the tariff, considerable

Correspondence.

Our columns are open to all for the ex-

pression of public questions. Persons and

will not be permitted. We do not hold our-

selves responsible for the opinions ex-
pressed by correspondents.

To the Editor of The Progress.

Sir,—Your patriotism in offering

a means for the public discussion

of all "matters likely to be of ben-
efit to the farming community at
large" is worthy of thankful atten-

tion, and, therefore, I take advantage

of it to say a few words on the

subject of Mr. Weal's paper which

was published in your issue of the

12th ult.

I do not think that Mr. Weal

and many others throughout the

country are at all right in their

frequent attacks on the C.P.R., and

in the threat given in Mr. Weal's

paper to force the Company to

lower their charges. "We must

agitate, we must press our members

of Parliament and the Dominion

Government," and must never rest

satisfied," etc. We ought to know

by this time what it costs for the

Government to get favors from a

company. But what right has the

[The page contains extremely faint, illegible vertical text.]

Town & Country Callings.

—The race track is being put into order for the 24th.

—Mr. Chas. Howson, Regina, was in town on Monday.

—Mrs. Graham left for Swift Current on Friday night last.

—On Arbor day, May 10th, all the stores in town will be closed.

—How about shooting the decoy. Had tanglefoot anything to do with it?

—Messrs. A. Davidson and Leishman drove up from Indian Head on Sunday.

—R. S. Park, Homestead Inspector, Whitewood, was in town on Thursday.

—Seedling is almost completed. Now for a nice warm rain to make this a boom.

—Mr. James MacLain, Regina, brother of Mr. J. H. MacLain, was in town last week on a visit.

—Mr. J. Thornburn, and family, late of Fort Qu'Appelle, left on Tuesday night for Vancouver.

—The wheat shows itself about three inches above the ground on several of the farms south of the track.

—Messrs. Cowan and Edwards have received a cartload of buggies, buckboards, etc. They are well worth an inspection.

—Mr. Alex. Stewart and family left on Thursday night last to take up his residence, at least for a time, in the vicinity of Winnipeg.

—The late Mr. Harvey's funeral took place last Wednesday as we were going to press. It was well attended by the neighboring farmers.

—Mr. B. S. Ross had the misfortune to lose a valuable three-year-old mare on Sunday last. It got out in the stable, and strangled itself before discovered.

—A meeting of the Teachers' Institute for Eastern Assiniboia was held in Wolsley on Friday and Saturday last under the superintendence of Mr. Goggin.

—Mr. J. A. C. Blackwood has returned from a trip through the Germana settlement, north of Grenfell, and reports everyone there busy seeding; otherwise, everything quiet.

—A prairie fire a few miles west of the town on Sunday did considerable damage. Mr. Miles had his impromptu shed and straw stack burnt, and Mr. R. McDonald his stable and hay stack.

—Doctor Bell arrived in town on Saturday last and purposes remaining until the 10th inst., when he will leave for Wood Mountain, a medical officer in charge of the detachment stationed there.

—Our local sportsmen say that ducks and geese have not been so plentiful for years. Messrs. Barnes, Leach and Brice bagged 165 ducks in one day, and Messrs. MacLain and Davidson 112.

—A detachment of Royal Engineers under command of Lieut. Gordon, en route to Esquimaux, B.C., passed through Qu'Appelle on Saturday morning. They occupied a tourist sleeping and were attached to the Pacific express.

—Mr. R. Johnston is to be commended for his efforts to improve the class of horses around Qu'Appelle. He has lately imported two very superior horses, i.e., Tarnont, a first class driver, and May J., a two year old, of whom something will yet be heard.

—Mr. H. J. Cole, of Winnipeg, has received word of the death of the death of Mr. Moody, the jockey, in Chicago last week. The report is that Moody fired two shots at a man, who retaliated by striking him over the head with a pitchfork, which resulted in his death at night in an hospital. Moody was well and not too favorably known to Qu'Appelleites in connection with his conduct with the running mare Thankful.

—An accident, whereby an unfortunate tramp lost his life, occurred on the C.P.R. at Wolsley on Saturday last. It appears that a freight train going west was just starting from Wolsley Station a man and a boy were observed getting on to one of the cars for the purpose of stealing a ride, and were at once put off, but, being determined to accomplish their object, they went round to the other side of the car. In attempting to jump on to the brake beam of one of the cars, the train being in motion, the elder of the two fell under the car wheels, both his legs being completely severed from the body. Everything that it was possible to do for the unfortunate man was done, but without avail, as he died after a few hours' intense suffering. He refused to make known his identity, but it has since been ascertained that his name was G. Beamish, Wharton, Ont. The boy escaped unhurt.

—Mr. Justice Richardson, Dixie Watson, D. L. Scott, Sheriff Benson, and T. C. Johnston, arrived on Tuesday to attend an adjourned meeting of the Supreme Court.

—Rev. E. T. Carter will preach as follows next Sunday:—Gifford's house, Pike's Settlement, 11 a.m.; Edgeley at 3 p.m.; Qu'Appelle at 7 p.m. Sunday School in Gifford's house at 3 p.m. All are invited.

—Messrs. Davidson, Jr., and Unsworth gave a dance in the Public Hall on the night of Tuesday, April 24th. A pleasant time was spent by all. The most remarkable feature about it was that the ladies predominated.

—Mr. Jas. Gignac, from the Selkirk fish hatchery, arrived here on Sunday morning. Mr. Gignac was in charge of 1,800,000 young white fish for liberation in the Qu'Appelle Lakes. He proceeded to Fort Qu'Appelle on Sunday with that object, returning to Qu'Appelle on Sunday night.

INDIAN HEAD.
Bricks are to be manufactured here this summer.

Sportsmen are having a royal time among the geese.

Deciding to maintain a permanent residence here Rev. Mr. Welch has purchased a residence from G. H. Edgar, of Moose Jaw.

Guest room proving inadequate and each day both transient and local demand assuming greater proportions, A. Davidson, of the Commercial, seriously contemplates the erection of a large hotel.

W. Johnston, blacksmith, has marked out a site for a new building. Mr. Orchard also contemplates the erection of a new drug store. It is safe to predict that the building season will be a busy one.

From the gratified expression on School Inspector Rothwell's face as he emerged from the Public School building last Friday, it is safe to pronounce that his official inspection was satisfactory. He left for Wolsley next day.

The old agricultural warehouse in which Westbrook and Fairchild formerly used to carry on business is to be torn down by Mr. Swift, the owner. He intends to erect a comfortable dwelling house on the site for his own occupation.

Litigation should receive an impetus, two law shingles having been recently hung out. The latest of that of Mr. W. Peel, advocate, of Grenfell, whose branch office and interests are to be looked after by J. P. Hutchinson, formerly of Moosemin.

"Whom the Gods love most they favor"—a trite saying illustrative of the good fortune which hovers around some people. Thus, one day last week, within an hour, Major Bell, unaccompanied, shot no less than 26 geese on the stubble of the Bell Farm.

Wheat sowing is well under way. If anything was needed to emphasize the pluck and determination of the agriculturists of this locality it is summed up in the assertion, gathered from reliable sources, that the area under cultivation this season around Indian Head will be from 10 to 15 per cent. greater than that of last year. Individual farms are well to the front in contributing towards this scale of operations. W. Dixon has already 240 acres in wheat, Jas. Harvey 225, and J. G. Holden, who has rented the E. Boone farm, 375 acres. Messrs. Stibbard, Harrop, Oldeman, Williams, Burke, Chuk and Patterson, each have over 200 acres seeded. The Bell Farm thus far contributes 1600 acres to the general result; the Sunbeam, under the supervision of its thorough and practical manager, Mr. A. McLean, 700 acres of the 800 to be sown. The Experimental keeps up with the procession and if the Alliance is slightly in the rear, its tally in the fall will not be insignificant. Given a good season, fair yield and reasonable prices, and the financial position of many a farmer in this district will give the lie direct to such traducers who have claimed successful wheat raising to be an impossibility at this point. Intelligence and muscle will tell every time.

GRENFELL.
Mr. Skiller has returned from his visit to England.

Mr. Peel was in Moosemin on business a few days this week.

The band commenced their weekly open air concerts, for the summer, last Saturday evening.

Dr. Hutchinson went to Wolsley on Sunday to hold an inquest over the body of the man who was killed by a train at that place on Saturday.

Mr. J. A. Chisholm was elected as overseer of the unincorporated town of Grenfell last Wednesday, by a majority of four votes. His opponent was Mr. E. Fitzgerald. The business meeting, re rate of assessment, etc., was postponed for a week.

Mr. J. W. Jones delivered an interesting lecture last Tuesday evening, at the regular meeting of the Epworth League. His subject was "Christ, the Orator." This brought to a close a series of lectures delivered by the young men of the League.

Last night (Monday) the Royal Templars held an open meeting in Garratt's Hall. Arrangements had been made for a contingent from Wolsley to fill the larger part of the programme, but they did not arrive. The committee, however, got a programme together on a few minutes' notice, and the performers acquitted themselves very creditably.

The heavy downpour of rain on Friday last was hailed with delight by our farmer friends, but our young folks of the Band of Hope did not relish it so much. An entertainment and prize distribution took place in the Methodist Church on that evening, in which the members of the Band of Hope participated. The rain was responsible for keeping a number of people at home, but those who were there thoroughly enjoyed the programme given by the little folks.

HOTEL ARRIVALS.
LELAND.

W. S. Burns, F. Couze, G. Lennox, Jas. A. Taylor, W. R. Colgate, W. A. Templeton, E. H. Taaffe, J. Burridge, Winnipeg; Jas. Thornburn, Fort Qu'Appelle; R. S. Park, Whitewood; G. A. Perkins, Hayward; A. Mossman, Toronto; A. E. Paris, Thos. Foster, Montreal; Jas. Gignac, West Selkirk; Thos. J. Wilson, Edgeley Farm; Chas. Howson, D. L. Scott, Mr. Justice Richardson, John Secord, T. C. Johnston, Regina; R. J. Butler, Hamilton.

TEACHERS' INSTITUTE.
A session of the Teachers' Institute, Eastern Assiniboia, was held at Wolsley on Friday and Saturday last, the 24th and 25th ult. About twenty-eight teachers attended, and, under the presidency of Mr. Goggin, the following programme was gone through:

FRIDAY.
Part I.—Paper on Composition, by D. J. Goggin.
Part II.—Paper on Botany, by F. G. Marwood.
Part III.—Question drawer.
Part IV.—Paper on Morality, by D. J. Goggin.
Part V.—Paper on Memory, by T. T. Grimmer.

In the evening, in the Methodist Church, which was well filled, Mr. Goggin delivered a lecture, subject: "Morality in Education," which he handled in his usual lucid and entertaining manner. Mr. Benson occupied the chair. On the platform were Messrs. Rothwell, Bray, Thompson, and Rev. A. Campbell. Mr. Briggs presided at the organ. The meeting was opened by a few appropriate remarks by the chairman and the singing of the Doxology. Mr. R. Williams then sang "Sweet Gullies" in good style. Miss Edly recited "Take to yourself the cloaks you try to fit on others" in a style that shows her to be a genuine elocutionist. Professor Goggin then delivered his lecture. A vote of thanks was proposed by Messrs. Thompson and Bray to the lecturer, and by Messrs. McCannell and Goggin to the chair. The singing of the National Anthem brought the meeting to a close.

SATURDAY.
Question drawer by D. J. Goggin after each session.

Paper on Difficulties in Arithmetic by Inspector Rothwell, which called forth considerable discussion.

Paper on Literature, by D. J. Goggin.

THE WORLD OVER.
It is reported that severe shocks of earthquake continue to be felt in Greece.

Germany strongly objects to the proposed annexation of the Samoan Islands by New Zealand.

The wheeled plow was known in ancient Italy, and appears on many Roman coins and inscriptions.

Forty carloads of magnificent fat cattle from western ranches passed through Winnipeg on Wednesday en route to the English markets.

The naval commander at Esquimaux has been instructed to send a British warship to warn sealers in Behring Sea of the enforcement of the Paris award.

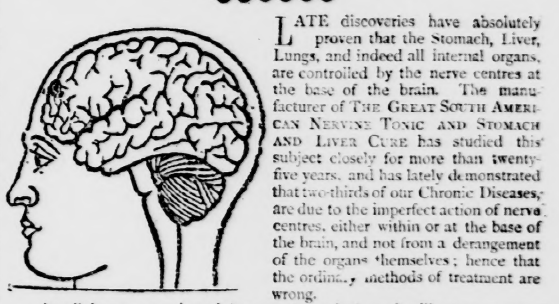

Three members of a gang of fifty cattle thieves, who have been operating on both sides of the boundary line, have been captured and locked up at Lethbridge.

President Van Home, of the C.P.R., made a trip over the Duluth and Winnipeg railway during his recent visit to the former city. He is expected in the North-West next week.

Lord Aberdeen, the Governor-General of Canada, is very fond of riding on a railway engine. He makes a first rate stoker, and, says an evening paper, if the governor trade ever falls him, he can earn his living shovelling coal.

HEART DISEASE RELIEVED IN 30 MINUTES.—All cases of organic or sympathetic heart disease relieved in 30 minutes and quickly cured, by Dr. Agnew's Cure for the Heart. One dose convinces. Sold by C. E. Carthew.

TWO-THIRDS OF ALL OUR DISEASES & AILMENTS ARE CAUSED BY DERANGED NERVE CENTRES AT THE BASE OF THE BRAIN.

As all know, a serious injury to the spinal cord will at once cause Paralysis of the body below the injured part; it therefore will be equally well understood how the derangement of the nerve centres will cause the derangement of the different organs of the body which they supply with Nerve Fluid or Nerve Force.

The wonderful success of SOUTH AMERICAN NERVE TONIC is due alone to the fact that it is based on the foregoing principle. The use of a single bottle of this remedy will convince the most incredulous. It is, indeed, a veritable Nerve Food and WILL RELIEVE IN ONE DAY the varied forms of Nervous Disease and Stomach Troubles.

Nervous Diseases.
This class of diseases is rapidly increasing each year, on account of the great wear our mode of living and labor imposes upon the nervous system. Nine-tenths of all the ailments to which the human family is heir, are dependent upon nervous exhaustion, impaired digestion, and a deteriorated and impoverished condition of the blood. The SOUTH AMERICAN NERVE TONIC is a great nerve food and nerve builder, and this accounts for its marvellous power to cure the varied forms of nervous disease, such as Neuritis, Nervousness, Nervous Prostration, St. Vitus's Dance, Nervous Choking, Nervous Paroxysms, Twitching of the Muscles, Hot Flashes, Mental Dependence, Forgetfulness, Sleeplessness, Restlessness, Nervousness of Females, Palpitation of the Heart, Sexual Weakness, etc., etc.

In Bed Six Years.
HARTFORD CITY, Blackford Co., Indiana, June 8, '93.
South American Medicine Co.
GENTLEMEN: I received a letter from you May 27, stating that you had heard of my wonderful recovery from a spell of sickness of six years duration, through the use of SOUTH AMERICAN NERVE TONIC, and asking for my testimonial. I will gladly state how I was afflicted and how I was delivered from my pain and suffering. I was near thirty-five years old, when I took down with nervous prostration. Our family physician treated me, but without benefiting me in the least. My nervous system seemed to be entirely shattered, and I constantly had very severe shaking spells. In addition to this I would have vomiting spells, and there would be from eighteen to twenty days at a time that I could not retain anything on my stomach. Many consultations were held by physicians over my case, but they all agreed that I would never leave my bed. During the years I lay sick, my folks had an earnest physician from Dayton, Ohio, and two from Columbus, Ohio, to come and examine me. They all said I could not live. I got to having spells like spasms, and would be cold and stiff for a time after each. At last I lost the use of my body—could not rise from my bed or walk a step, and had to be lifted like a child; all the time suffering intense pain, and taking almost every known medicine. Part of the time I could read a little, and one day saw an advertisement of your medicine and concluded to try one bottle. By the time I had taken one and one-half bottles, I could rise up and take a step or two by being helped, and after I had taken five bottles in all I felt real well. The shaking went away gradually, and I could eat and sleep good, and my friends could scarcely believe it was I. I am sure this medicine is the best in the world. It was a god sent to me, and I believe it saved my life. I give my name and address, so that if any one else is afflicted with any of the above named troubles, or any other, all are requested with my case. I am now forty-one years of age, and expect to live as long as the Lord has use for me and to all the good I can in helping the suffering.

MISS ELLEN STOLIA
Will a remedy which can effect such a marvellous cure as the above, cure you?

I HEREBY NOTICE is hereby given that the Annual General Meeting of the Shareholders of the above Society will be held at the office of the Secretary, corner of Qu'Appelle Street and Ninth Avenue in the town of Qu'Appelle on
Friday, 25th May next.
for the purpose of the election of Directors for the ensuing year and the consideration of the general business of the Society.
G. H. V. BELLYE, Secretary.
Dated at Qu'Appelle, May 1st, 1894.

TENDERS.

SEALED TENDERS are called for Municipal Police Provision and Light House, and addressed to the Honorable the President of the Privy Council, Ottawa, will be received up to noon on Monday, 8th June, 1894.
Printed forms of tender containing full information as to the articles and approximate quantities required, may be had on application at any of the 54 United Police Bureaus in the North-West, or at the office of the undersigned.
No tender will be received unless made on such printed forms.
The lowest or any tender not necessarily accepted.
Each tender must be accompanied by an accepted Canadian bank cheque for an amount equal to ten per cent. of the total value of the articles tendered for, which will be forfeited if the party desiring to enter into a contract when called upon to do so, or if he fails to complete the service contracted for. If the tender be not accepted the cheque will be returned.
No payment will be made to newspapers inserting this advertisement without authority having been first obtained.
FRED. WHITE,
Comptroller, N.W.M. Police.
